What is 100Marin?

100Marin is a Marin County member-based giving circle. Founded in January 2015, the group now has over 300 members whose collective donations support local nonprofits serving our community. 100Marin has grown from a small circle of like-minded individuals to a robust network of donors providing critical funding to support Marin organizations.

In 2021, 100Marin partnered with Center for Volunteer & Nonprofit Leadership (CVNL) to produce and administer the annual event. With CVNL's support, 100Marin is positioned to grow its giving circle and raise more funds to increase community impact. With your sponsorship, 100Marin will be able to expand our reach, educate and engage more individuals about philanthropy and social change, and connect members to nonprofits, their communities, and each other.
